

FREE Training with Microsoft Software Assurance Program at Frameworks

If you are a business participating in Microsoft's Software Assurance (SA) Program for Volume Licensing and version protection, you may now also qualify for up additional benefits and services including the most requested benefit, training for IT professionals. Beginning in September 2003, participating organizations may be eligible for Electronic Training Vouchers which you can then redeem at Frameworks Computer Consulting and Training. As a Microsoft Certified Technical Education Center, we offer premium training by experienced instructors, Official Curriculum and knowledgeable customer service.

Frameworks Adds Value to Microsoft Software Assurance Program (SA)

A great majority of businesses and commercial organizations rely on Microsoft products for network, infrastructure and desktop technology. Microsoft has long recognized that quality training for IT professionals gives businesses a Return on Investment by creating a more productive and efficient staff.

Beginning in September 2003, Microsoft will provide electronic training vouchers for IT professionals based on the specifics of the volume license agreement in force with each client. These vouchers can be redeemed for the Microsoft Core classes and other classes at Frameworks Computer Consulting and Training.

Your Microsoft Rep or Volume License Reseller will be able to provide you with the number of vouchers available under your agreement and Frameworks can assist with registration, validation and redemption of these vouchers.

Increase the value of SA Vouchers by partnering with Frameworks

- Frameworks will work with your IT staff to minimize scheduling conflicts.
- Any approved class can be added to the schedule with a minimum of two students.
- Frameworks' offers a Zero Cancellation Policy, which guarantees that a class will not be cancelled due to low enrollment.
